

Happy April, Library Peeps! April showers bring an eclipsed eclipse, at least around here. We had a great day on Saturday, April 6, for our Eclipse Party, but You Tube came in handy on Monday in order for us to actually see the eclipse at other locations. We did get a break in the clouds just after the eclipse started, so we saw the beginning of it (no picture). Maybe next time!

---

We have started a couple of book groups, one on the first Tuesday evening of the month (at 6:00), one on the second Thursday afternoon (at 2:00). Feel free to join us at either one if you were unable to attend the first meeting, or let us know if you would rather have a different time. We'll see what we can do.

***Save Me the Plums*** by Ruth Reichl is our Tuesday group's book.

***A Discovery of Witches*** by Deborah Harkness is our Thursday group's book.

We still have time for anyone who just wants to come in and talk about books!

---

## Upcoming dates to put on your calendar:
